My Family MDG Pledge of Commitment

Let it be known to all that I, _____, and my family who live at, _____
_____, this _____ day of _____, 2006 proclaim that:

We believe in the 4 core values that would make our nation prosper:

1. Seek the welfare of the city
2. No God, No Success
3. All Can Save
4. There is Power in Unity

And that Me and my family with all our capabilities, collectively work together to achieve the following Family Millennium Development Goals (MDGs):

MDG 1: "My Family has a Job plus Savings"

MDG 2: "All Children Go To School"

MDG 3: "My family treats Men and Women equally"

MDG 4: "All my Children are Healthy"

MDG 5: "Healthy Pregnant Mothers is a Must"

MDG 6: "Avoid HIV/AIDS and infectious diseases"

MDG 7: "Take Care Own Home and Environment"

MDG 8: "My Family Belongs to an Organization in the Community"

All of these, we will perform until we see every Filipino Family become Prosperous,
Godly and Generous.

And this we solemnly swear before God and unto men.

MDG FACES

FACES

Family-based Actions for Children and their Environs in the Slums

- In 2007, Pasay City was selected as one of the 15 cities to implement the **Millennium Development Goals – Family-Based Action for the Children and their Environs in the Slums (MDG-FACES)**. It aims to set targets, initiate actions and provide solutions at the family, community and city levels that would address the children's concern on health, food, education and environment.

Main objective:
Put and maintain
SMILES on the
faces of the
children

Pasay MDG-FACES Implementation

- In Pasay, the main objective of implementing the MDG-FACES is to put and maintain **SMILES** on the faces of the children in the slums. **SMILES** is an acronym of the key indicators of measuring the child's good condition:
Child should have: **S**helter and good health provided;
Moral Rectitude/Righteousness Manifested; **I**ntity secured, **L**ove, **C**are and **P**rotection;
Education/**E**mpowerment; and **S**avings **G**eneration

**Formation of Bayanihan
LIGHTS Centers (BLCs),
(an MDG-FACES-inspired project)**

06/10/2010

Integrated Bayanihan Savings and Family MDG

Bayanihan LIGHTS Center

- BLC is a grass-root or mass based banking system
- Weekly meeting is a must
- Owned and operated by the community and largely by the poor households
- Principal source of funds are through their savings deposits.
- Self-help not dole out
- Largely savings, used to leverage credit
- Savings record is credit record.
- Values Formation, PES
- Sustainable Savings Habit Formation

Bayanihan LIGHTS Center

The major elements of The BLC is the acronym LIGHTS which will remind the families of their corporate objective:

LIGHTS stand for

- **L-learning/literacy place**, where values formation sessions, information dissemination, family strengthening sessions are conducted and thorough discussion about the 8 MDGs.

MDG statements which was translated into tagalog were always recited during the BLC meeting.

- Family MDG 1: Aking Pamilya, may pagkain, may trabaho at may impok pa.
 - Family MDG 2: Lahat ng anak nag-aaral.
 - Family MDG 3: Lalaki at babae pantay ang karapatan.
 - Family MDG 4: Sanggol na malusog, minimithi ng lubos.
- 

- Family MDG 5: Ligtas na Buntis, laging isaisip.
- Family MDG 6: HIV/AIDS Iwasan at nakakahawang sakit. NAKAMAMATAY
- Family MDG 7: Aking tahanan at kapaligiran ay laging alagaan.
- Family MDG 8: Kung sama-sama, Lahat ay kayang kaya.

I stands for Intercession/prayer.

- Each family is being reminded that
No God, No Success.

When Pope Francis meet the Filipino Families he said that;

“It is in the family that we first learn how to pray”

**I is Intercession or
Prayer**

- **G for good governance.** BLCs are governed by 5 elected and appointed officers. They are trained on how to lead their members in every aspect of the group

- **H for Holistic Intervention.** Members, be it family or community level, can talk about their issues and concerns which they themselves would look for solutions. Thru the BLCs, various trainings can also be provided to help the members augment their income.
- 

- Families articulate their concerns and assign a particular coordinator to help them resolve certain issues...

**Structural
Intervention**

**Home Interiors
and Soft
Furnishing**

- **T is for Transformation of condition or behavior.** Using some appropriate assessment tools, behavior/condition is measured, monitored and validated

- **S is for Savings** which emphasize proof of non-dole out, mendicant mindset

- When BLCs were formed, the members of SANAHACO meet weekly and a Php500 weekly savings was collected from each member. Pasay CDO facilitated the weekly meeting and guide the officers and members in their BLC journey.
- 

In two years, SANAHACO members generated a savings of PHP 463,000.00. This savings was part of their leverage to PBSP showing their discipline, capacity and ability in paying their loan.

Demolition of

the once that was only a dream, it now becomes a reality. Hankins' families now live in a more comfortable, safe, and humane shelter.

The first MRB project of the city was built through synergism.

This sense of ownership provided their small beginning into realizing their long hopes and desires

- **The Hankins MRB is a monument that that says we can still dream.**

Again, as what Pope Francis said:

“ It is important to dream. Please do not lose this ability to dream... It is possible to have a family without dreams. When you lose the capacity to dream, you lose the capacity to love.”

Coordinated Actions of Line Agencies

- **The Family MDG Localization thru MDG-FACES** becomes the rallying point of interventions. The City-wide commitments of serving its residents are expressed by effective coordination of actions across local line agencies including FBOs, NGOs and the business community.

A Happy Family

Tragedy Struck

...his mom
passed away

...shortly after
one year his
father followed...

Jimboy finished elementary school (Maricaban Elem School) in 2003, graduated with honors.

He graduated in Pasay City East High School in 2006. Received GMA excellence award and a medal on Editorial Cartooning (Division Level) and best in entrepreneurship in PCEHS).

He wanted to become a famous Teacher, but lola cannot anymore provide for college education. Jimboy started to peer with other OSYs.

Jimboy started to galivant with friends doing risky activities.

Surrounded by friends who were smoking, drinking alcohol, sometimes taking drugs, including sexual activities. He longed for a happy home, an embrace from a father or a mother.

In Oct 2007, Jimboy joined the Pasay HOPES program, an FBI Ex for OSYs. He became a Peer Educator, equipping other OSYs during Life Skills Training.

In Dec 2007, he passed the screening for Animation trainees and now participates in the training for 2D animators.

His confidence was regained and hopefully become one of those who makes a difference in Pasay.

SMILE Family for OSY

Jimboy's SMILES Progress Report Card shows significant change in condition and behavior.

A scholarship grant for college education from a SMILE family can help achieve his dream of becoming a licensed Teacher.

“A happy family while in the province. Things change when we transferred to Metro Manila. Impoverish condition and lack of care caused me to rebel from my parents. I began to link with bad companies. I learned to smoke, gamble, drink alcohol that led to early sexual experience, all because of ‘bad barkadas’”

“I got pregnant at 16 and stopped my secondary education (2nd year)”

Being the eldest in the family, she took her time caring for her baby as well as her 3 brothers and a sister, while her mother work as a “labandera” and father as a carpenter.

Living along the creek, also without electricity. This family struggles to live. She wanted to be a teacher. Her child's name is KC Lyn Mae Cassandra Zata.

In June 2007, Sarah Jane attended the Pasay HOPES program. She became a Peer Educator, equipping other OSYs during Life Skills Training.

In Nov 2007, she shared her experience in a conference in Thailand. She now has a passport and the first in the family that went outside the Philippines. “Bad companies equals destruction”, she warned. Though no permanent job yet, she actively involves herself in church work.

Sara Jane's SMILE Progress Report shows significant change in condition and behavior.

She currently teaches, trains and equips OSYs in Pasay HOPES to achieve their goals in life.

An assistance from a SMILE family can provide help to her 2 yr old daughter whom she desires not to commit the wrong choice she did.

“Belonged to the second family of his father when the first wife died, the father raised Manuel and 2 siblings together with the first family’s 5 siblings in the same house.

When Manuel was 11 yrs old and was in grade 5 (elem school), his father suffered a stroke and was paralyzed. The first siblings disowned Manuel, his mother plus the 2 other siblings and drove them out of the house.

They transferred from house to house just to have a temporary shelter. His mother's income from labada cannot sustain them anymore, so she gave away (adopted) the other 2 siblings to an orphanage.

Him and his mother stayed in the church as cook. He finished his elementary and started his high school. But bad barkada pulled him to smoke, drink alcohol and take drugs. He started to gamble, joined the gangs and took part in gang wars and riots.

He dropped out from school. He got involved in rumbles, hold-ups, snatching and akyat-bahay. He sold himself to prostitution. He became a pusher of marijuana and shabu.

Young as he was and already a striker. He had a live-in partner with the same age who got pregnant. As a gangmaster, he led gang wars and rest-backs.

He got jailed for 1 year but escaped. His child died due to lack of care that prompted his live-in partner to separate.

Filled with bitterness
and unforgiveness,
he kept on cursing
life ...

... and continued
to do what he
wishes.

He equipped fellow children as potential snatchers and hold-uppers. Will one of them stab a dagger on our chest in the future?

About to set havoc in the community, suddenly, he was brought back to his senses. He imagined having a changed life. He quickly said yes when invited to attend a 1-day Peer Educator's Training (PET), a Pasay HOPES project for the OSYs.

Manuel decided to try to make his life productive. In July 2007, Manuel joined the Pasay HOPES program, an FBI Ex for OSYs.

He became a Peer Educator, equipping other OSYs including his gang members about Life Skills

Truly, light is more powerful than darkness. In May 2008, he passed the training for 2D animators.

**Manuel's SMILE

behavior.**

**He currently
